

I'm not Gay
and I don't really want to be
But if I were gay I'd want to be gay w/ you

It's okay: you're not gay and besides anyway
whose to I say you'd want to be gay with me too?

• 'cause I've known you longer than any woman
that you'll ever meet

• and your mother she already loves me

Okay, I like the way clothes hang on your ~~athletic frame~~

But ~~your~~ body because of your ~~athletic~~ frame

But that's because you work out not 'cause we'd work out

And when I say I've got your back I only mean
I'll back you up

I don't mean it the other way

Oh sure, if you get sore I'll rub your
back, maybe some more

But ~~someone~~ else'll have to get your front

I've got to admit I like your sense of humor

and your taste in music

But Gay's not the way for you and me

What the hell I'm glad you're my pal;

pal's before gals

But if you had a pussy I'd be all over it
