

English lyrics to Alles im Wunderland

Alice, Alice in Wonderland.
This is everything, everything in Wonderland

My feelings don't fit in this world,
So I had to build another one.

Alice, Alice in Wonderland.
Please Alice, I'm just a man.

The entire science of mathematics
is of absolutely no help to me.

Help me Alice, Alice in Wonderland.
This is everything, everything in Wonderland.

You're just a child; that makes no sense,
like my late, white rabbit: nonsense.

Alice, Alice in Wonderland.
Please Alice, try to understand*

I stutter* around adults,
but you draw poetry from my lips,

Alice, Alice in Wonderland.
this is everything, everything in Wonderland.

La, la, la, la, la...

That is all.
